Taking Our Place

A Dedicated Circle of Evolving Men

In a world in need of men who embody healthy masculine energy, the time has come to **take our place** and offer the fullness of who we are. The simple truth is that the world is run by those who show up: either we engage our lives and meet the challenges we are given, or we retreat and leave it to someone else to choose our fate for us.

This 10-month group is a training ground for those who have chosen to engage their growth in order to more fully show up: for themselves, for their loved ones, for the collective good of the world.

- **Deepen Emotional Intelligence and Relational Trust**
